Reasons for allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record failed to teach or disclose either singularly or in combination a computer system comprising: a processor wherein the processor including a CPU core and a graphics core and a unified cache coupled to the graphics core to store a supersampled image (as per claims 1 and 20); and further failed to disclose: amplifying the polygons at the graphics core; and rendering the polygons of the first tile into a unified cache, wherein the unified cache stores texture, color and depth data of the image (as per claim 11). The above limitations of the present claims invention have not found to be anticipated, suggested or made obvious by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
